JOE LEDBETTER

American animation artist Joe Ledbetter has collaborated with BLIK to create these quirky wall graphics.

Light-hearted in his approach, Ledbetter often combines cute and cuddly creatures with unfortunate — albeit humorous — situations. With a lean on the subversive and absurd, these scenarios are all too familiar, questioning our tendency of taking life (and ourselves) too seriously.

Prices: Amalgamation wall stickers Set 1 & 2 £80 (includes 10 creature graphics & 2 logo's)
