Hot coffee...Cool Planet

## Build your own Keep Cup - exclusive to Supernice

Our love of great takeaway coffee is costing our environment dearly!

**New** from Supernice is the Keepcup - the first barista standard, environmentally friendly, reusable coffee cup.

Mix and match your coffee cup, band lid and plug to your individual taste. The multiple colour options are a fun way to individualise your recyclable, thermal Keep Cup. Create your own reusable, unbreakable coloured cup, with the unique online colour selector at [www.supernice.co.uk/keepcup](http://www.supernice.co.uk/keepcup)

Hot coffee. Cool Planet. Even Cooler Cup!
